HAWL Board Member - Jerry Toon:

About 6:30 PM last night, I received a call from my neighbor, Ms. Mary Cail, that lives a couple houses down the street from my home.

She wanted to ask me about the loud noise from the Spillway. It seems the church uses the Spillway for some of their youth activities.

She had called HAWL Security with her complaint and asked me what else she could do. This was the second time she had called HAWL Security. The first was a written complaint. I told her she might call the Smith County Sheriff's office. She told me that if the problem continued, she would.

Mary had spent 6 hours Wednesday receiving Chemotherapy, and in my view deserves some peace and quiet.

(Mary Sue Cail, Born January 3, 1944, Died August 4, 2014)

When is the HAWL Board of Directors going to enforce the Common Deed Restrictions?
